

Your custom masthead here

August

2011

Missionary's article or most important story of the month goes here. Replace the photo at right with a photo that illustrates your story. The photo frame is scalable and can be rotated to fit the orientation of your photo. It can also be copied and pasted to allow for as many photo frames as you need.

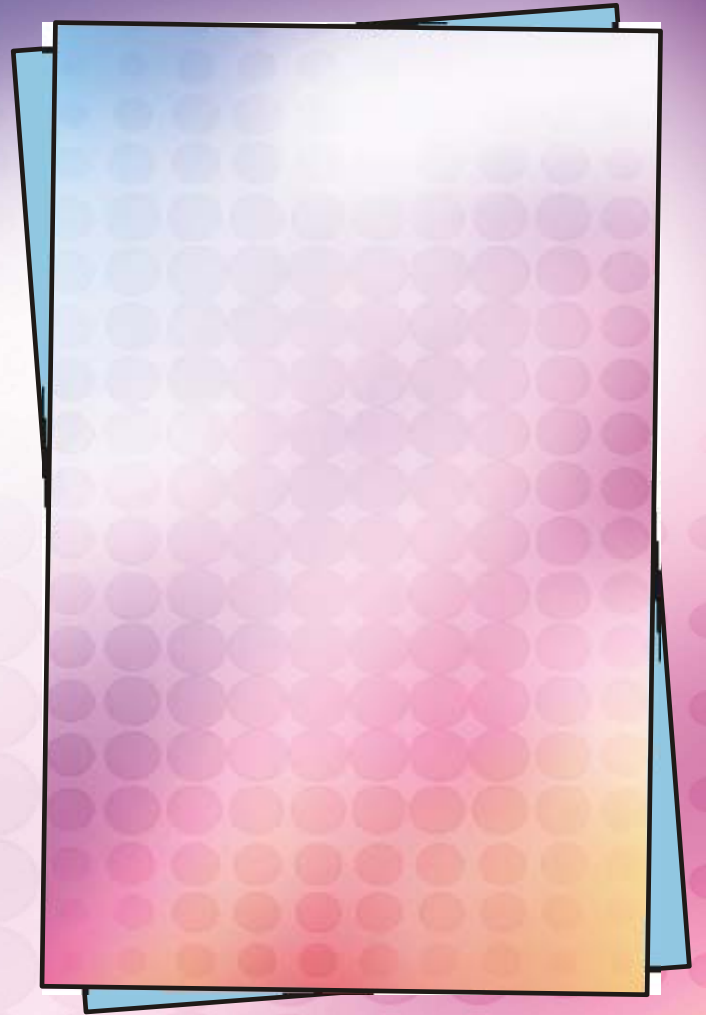

An alternate background, without the graphic text below, is available on the pasteboard to the left.

Shining ^{a light} in the darkness
